 - no [Reject]

Introduction

We are working on a mobile application to assist people to maintain a healthy and balanced diet in their busy lifestyles. You are using this application to manage your food habits and achieve your goals in your busy schedule. Your opinions are very valuable to us. Please be as candid as possible, both positive and negative.

Tasks

1. How comfortable are you with cooking? (just started to learn, can cook a few things, etc..) [Written response]
2. Have you used any nutrition tracking applications before? Which ones? [Written response]
3. How many people do you cook for [Multiple choice: 1, 2, 3, >3]
4. Look around the home screen and let me know your thoughts (what do you think each section represents? What actions do you think you can perform?) [Verbal response]
5. Today morning you had 2 servings of "Mixed Salad" for your breakfast. Check the nutrition information, comment on what you infer from serving quantity, and add this food to your tracking. [Success: Yes, No]
6. Please provide a reason for your rating [Verbal response]
7. You need to leave for a meeting in an hour. You want to cook something quick and low carb in 15 minutes so that you have enough time to eat and get ready. But you are not sure what to cook, search for a recipe. Explore the recipe instruction page to complete the task [Success: Yes, No]
8. Please provide a reason for your rating [Verbal response]
9. Go back to the recipe page. What do you feel about the layout of recipe suggestions? [Verbal response]
10. Start at home. You want to check if something is about to expire in your pantry and use it. Check what items are present in your pantry: 1) find the item that is

most probable to expire 2) Search for a recipe to cook with it 3) Add the recipe to the home screen to complete the task [Success: Yes, No]

11. Please provide a reason for your rating [Verbal response]

12. Go back to your pantry. You bought 4 oranges from the supermarket today. Add it to your pantry list. [Success: Yes, No]

13. Please provide a reason for your rating [Verbal response]

Questions

1. What were the best three things about the app? Can you provide the reasons
2. What were the worst three things about the app? (or least liked). Please provide reasons
3. Do you have any questions or comments about the application? Or any experiences you want to share with us?
